

POWER CORE & BLACK LABEL SERIES POWER SWITCH REPLACEMENT

BLACK LABEL E90 & POWER CORE XLR90/XLR100/E90 LS PART NUMBER: W13111401101

BLACK LABEL E100 & POWER CORE E90/GLOW/E95 PART NUMBER: W13111402101

Required Tools: (Not included)

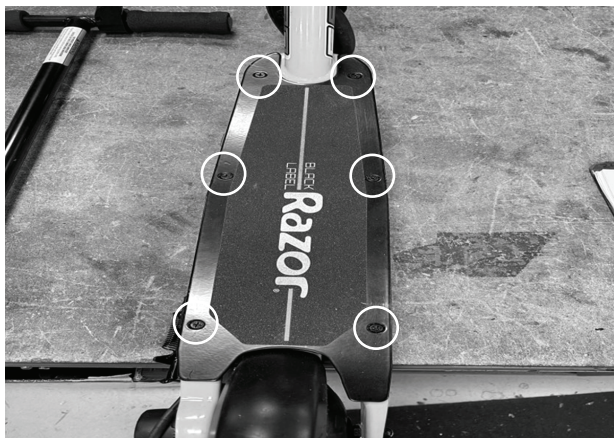

- Phillips Screwdriver
- Flat Screwdriver

WARNING

 **CAUTION:** To avoid potential shock or other injury, turn power switch OFF and disconnect charger before conducting any assembly or maintenance procedures. Failure to follow these steps in the correct order may cause irreparable damage.

Step 1

Using a Phillips screwdriver, remove six (6) screws from the deck. Remove the deck cover and set it aside.

Step 2

Locate and disconnect the battery from the controller.

Step 3

Disconnect the yellow, brown, and black wires from the power switch.

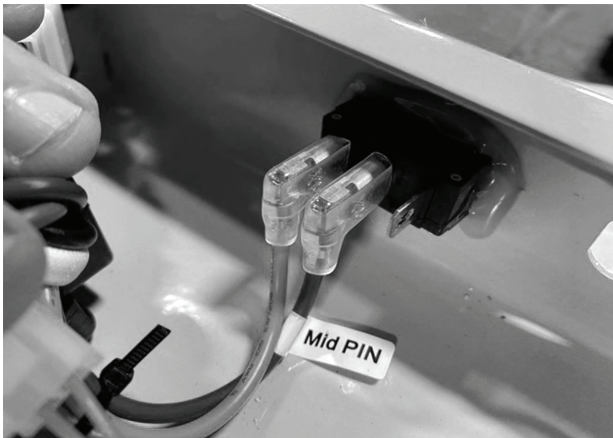

Step 4

Using a flat screwdriver, remove the glue from the back of the power switch and push the power switch out from the battery compartment.

Step 5

Reverse the steps to install a new power switch. When reconnecting the power switch, be sure to connect the yellow wire to the silver-colored prong, the brown wire to the middle prong, and the black wire from the charger port to the gold-colored prong.

ATTENTION: Charge battery 12 hours before using.
