

Required Tools: (Not included)

A. Two (2) 15 mm socket wrenches

! WARNING

! CAUTION: To avoid potential shock or other injury, turn power switch OFF and disconnect charger before conducting any assembly or maintenance procedures. Failure to follow these steps in the correct order may cause irreparable damage.

Step 1

Using two (2) 15 mm socket wrenches, loosen and remove the lock nuts from the axle along with the two (2) secure washers and slide the wheel down from the fork.

**Step 2**

Reverse the steps to install the new front wheel.

ATTENTION: Charge battery 6 hours before using.
