

DIRT QUAD 500
POWER SWITCH REPLACEMENT
PART NUMBER: W13112445101

Required Tools: (Not included)

- Phillips Screwdriver
- Flathead screwdriver

⚠ WARNING

⚠ CAUTION: To avoid potential shock or other injury, turn power switch OFF and disconnect charger before conducting any assembly or maintenance procedures. Failure to follow these steps in the correct order may cause irreparable damage.

Step 1

Using a Phillips screwdriver, remove the two (2) screws located on the charging port/power switch cover. Remove the cover with caution to the wires connected to the back of the cover.

Step 2

On the back of the cover, locate and disconnect the wires from the power switch.

Step 3

Using a flathead screwdriver, remove the silicone from around the power switch.

Step 4

Press the tabs on both sides of the power switch and push it out from the cover.

Step 5

Reverse the steps to install the new power switch. When connecting the wires to the new power switch, connect them in the following sequence:

1. Connect the BLACK wire to the GOLD colored prong first.
2. Then connect the RED wires to the SILVER colored prongs in any order.

ATTENTION: Charge battery 12 hours before using.
